

HEART OF AUSTRALIA

Sun shimmers on ancient land
Bare feet upon desert sand
Where have they gone to?
Gone to the dreaming

For years upon countless years
The people who rested here
Cared for your treasures
Have been your minders

CH Look, see the strange beauty
Stop, hear the sweet music
Come, feel the heartbeat
Heart of Australia
(It's the heart of Australia)

For only two hundred years
The white men who made their homes
Plundered your treasures
Are playing master

Clouds gather above the domes
Secret weapons in sacred homes
What is their meaning?
Where is the dreaming?

CH

The battle for Uluru
Fight to save Kakadu
Just a beginning
Care for the dreaming
